Following the publication of the Review article by Gemma L Nixon, Chandrakala Pidathala, Alison E Shone et al., ‘Targeting the mitochondrial electron transport chain of *Plasmodium falciparum*: new strategies towards the development of improved antimalarials for the elimination era’ in the September 2013 issue of *Future Medicinal Chemistry (Future Med. Chem. 5[13], 1573–1591 [2013])*, it has been brought to our attention that references 66 and 79–87 were incorrectly printed.

Reference 66 should have appeared as:

References 79–87 should have appeared as:
